## Condensed Testimony.

Chas. B. Hood, Broker and Manufacturer's Agent, Columbus, Ohio, certifies that Dr. King's New Discovery has no equal as a Cough remedy. J. D. Brown, proprietor of the St. James Hotel, Ft. Wayne, Ind., testifies that he has cured a cough of two years' standing, caused by La Grippe, by Dr. King's New Discovery. B. F. Merrill, Baldwinville, Mass., says that he has used and recommended it and never knew it to fail and would rather have it than any doctor, because it always cures. Mrs. Hemmings, 222 E. 25th St., Chicago, always keeps it at hand and has no fear of Croup, because it instantly relieves. Free Trial Bottles at Wm. S. Lloyd's Drug Store.

Admirer of the great Robert J. 2-04, the fastest harness horse in the world, will see him for the last time, as a race horse, at the Lexington trot commencing October 6th. The Hammonds have sold the champion to Mr. Tewksbury, the rich New York road driver, and will deliver him after the Lexington meeting, when he will act as mate to Masco, 2-04. Thousands will be at Lexington to cheer the great pair if he succeeds in beating that mighty field against him—Joe Patchen, 2-03; Gentry, 2-03; Agan, 2-03; and Rubinstein, 2-05.

## Sure to Win.

The people recognize and appreciate real merit. That is why Hood's Sarsaparilla has the largest sales in the world. Merit in medicine means the power to cure. Hood's Sarsaparilla cures—absolutely, permanently cures. It is the one true blood purifier. Its superior merit is an established fact, and merit wins.

Hood's Pills are easy to take, easy to operate. Cures indigestion, headache.

## Notice.

As I am very desirous of having a uniformity of text books in all the Public Schools in the county, I have printed lists in my office of the late adoption, which teachers and trustees will please call and get and conform to the same as soon as possible.

I. N. Hoarson, County Supt.

The Lexington trot, always the greatest trotting carnival of the year, will begin Tuesday, Oct. 6th, and continue ten days, the program amounting to the princely sum of \$75,000. Think of \$75,000 per day and over four hundred performers, including the greatest harness horses of the turf will be on hand to battle for the money.

The walls of the residence of W. A. Sutton will be completed this week and will be ready for the roof.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

### WHERE KINDNESS PREVAILS!

Who would Not Be a Mountain Editor.

From one issue of the Hazel Green Herald we clip the following: "Bruce Little and wife, of Gilmore, will please accept the thanks of the editor and his better half for a fine large pumpkin shown at the fair. Yum! Yum, but won't the editor do justice to that particular pumpkin when it is converted into pies? Well, now, that will be a sight."

Jeffy Rose, of Lacey Creek, did not win the prize on sweet potatoes, his brother-in-law, O. W. Cedi, beating him by a scratch. But what Jeffy did do was the next best thing. He presented them to the editor and his better half and the way the pencil pusher punished those potatoes "was a plenty." They were large, luscious and lacked not in sweetness. The late string of our sanctum is always on the outside for you, Jeffy.

Little Miss Carrie Rose, daughter of J. M. any Mrs. Lizzie Rose, will please accept the thanks of the editor and his better half for a dish of the most delightful sweet peach pickle that it was ever our good fortune to smack our two lips over.

Monroe Stamper, better known as "Doc," will please accept the thanks of the editor and his better half for a mess of old squirrels. In the language of Bill Linde, if there is any one vegetable we like better than another, it is the squirrel!

### This Afternoon.

Col. James H. Davidson, Republican from Illinois, will speak at the Court House this afternoon, at 2 o'clock. In advance, we would say that Mr. Davidson will follow in the old ruts on a policy favoring the few capitalists as against the interests of the common people, such men as we meet every day and shake hands with. Well do we know how these poor fellows, who are but samples of the great throng, are struggling; some to save their homes and many for a scant living of bread and meat. And yet such men as Mr. Davidson are here to advise them to vote for men and measures that will continue in this vein, which have brought about existing results. This is not a campaign of tariff, and the people will not longer be deceived. It is a question of money, and the combining and capital interests had as well yield to the inevitable.

When the people are aroused as they are to-day, they will bring the needed relief. This campaign is but a repeating of history.

### A Natural Beautifier.

Karl's Clover Root Tea purifies the blood and gives a clear and beautiful complexion. For sale by Thos. Koussy.

## Nerves

Are the Messengers of Sense.—the Telegraph System of the human body.

Nerves extend from the brain to every part of the body and reach every organ. Nerves are like fire—good servants but hard masters. Nerves are fed by the blood and are therefore like it in character. Nerves will be weak and exhausted if the blood is thin, pale and impure. Nerves will surely be strong and steady if the blood is rich, red and vigorous. Nerves find a true friend in Hood's Sarsaparilla because it makes rich, red blood. Nerves do their work naturally and well—the brain is unclouded, there are no neuritic pains, appetite and digestion are good, when you take

### EX-GOVERNOR BROWN

Sustains Great Bodily Injury By an Accidental Fall.

For some years the ex-Governor has been lame from a fall. In Louisville, on Thursday, he was waiting for a street car. When the car came he arose from a cross tie on which he had been sitting. As he had to step from this elevation, his lame leg gave way throwing him to the ground and against the wheels of the car.

The large bone of his wrist was broken and the small bone dislocated. His left collar bone was broken at an old fracture where it was broken years ago. His left leg, which has been broken three times before this was also broken. He is a candidate for Congress. This accident will confine him for some weeks.

### Make the Most of Yourself.

It is the duty of every man to make the most of himself. Whatever his capacities may be, he is sure to find some place where he can be useful to himself and to others. But he cannot reach his highest usefulness without good health and he cannot have good health without pure blood. The blood circulates to every organ and tissue and when it is pure, rich and healthy it carries health to the entire system, but if it is impure it scatters disease wherever it flows. Hood's Sarsaparilla is the one true blood purifier. It cures salt rheum, scrofula, eczema, dyspepsia and rheumatism because these diseases have their origin in the blood.

### Curative Springs For Kidney Trouble.

Mr. Jacob Bee, of this county, has returned from Morgan county, where he went in search of health. He was gone from home and was at the springs two weeks, and was very much benefited. The first spring he attended is known as the Hiram Green Spring on the waters of Gray Creek. Mr. Bee first drank water from the spring on the South side of the mountain, where he remained one week at the house of Hiram Green, one of the most hospitable men in the mountains. Mr. Bee is 73 years old and is a very active old man. The waters on this side of the mountain are warmer than waters on the North side, with about the same medicinal properties. The spring on the North side is known as the Amey Spring. Mr. Bee boarded one week with Mr. Andrew Amey, where he was quite sick and recovered the kind of attention. While these waters are comparatively unknown, it is a fact where a real test has been made, that they have proved themselves a positive permanent cure for kidney troubles. Mr. Bee makes the statements above for the benefit of those afflicted with kidney troubles. Mr. Bee is one of our most prominent and reliable farmers, and these statements can be relied upon.

During last week four banks failed in New Orleans, three National and one State. Too free a use of other people's money by the officials caused the failure of the Union National. Its two individual bank keepers embezzled \$500,000. Why are the banks so hard pressed under these slugs standard times?

Dr. W. P. Harvey preached to an attentive audience at the Baptist church, this city, Sunday morning and to a large and attentive audience at Howard's Mill, in the afternoon. Dr. Harvey's subject was "Why I am a Baptist." It was a fine sermon, delivered with great power and earnestness.

A good cup of coffee can always be obtained by those who use Chase & Squire's Java and Mocha Blend. CHAS. THOMPSON GROCERY CO.

## SEVEN UNFORTUNATES

Unmindful of the Rights of Their Fellow Men, Violate the Laws and Must Suffer For Their Folly.

### TEMPTATION CAME AND THEY YIELDED.

These Are Men For Whom Christ Died.

During the past week of Circuit court, seven men have been convicted and sentenced to the State prison. We give below their names, offenses and terms of imprisonment:

Dillard Adams, white, forgery 6 years.

Frank Walker and R. A. Wilson, white, housebreaking, 4 years each.

Wm. Bell, colored, striking with a deadly weapon, two years.

Wm. Kemper, colored, hog stealing, 3 years.

Albert Heffitt, white, shooting with intent to kill, 4 years.

John Wilson, black, housebreaking, 5 years.

Frank Walker and R. A. Wilson had broken into Mr. Southheimer's store in Steptone. Refused to be interviewed. Albert Heffitt in resisting arrest had shot at policeman John Taul. He is 17 years old and says he was under the influence of whiskey at the time. Dillard Adams was formerly from Clay county, but at the time of his trouble was engaged at a mill in Clark county. He is a widower and has three children in their 12th, 10th and 8th years. They are in Estill county.

On Monday Mr. Trimble, of the Advocate, went to the jail to talk with the men under sentence. Some of them did not care to be interviewed. With several he talked freely in regard to the rights of their fellowmen, the necessity of the execution of the law, the unfortunate condition of men who in an evil hour commit offenses and the expected regret that they so far refused to obey God's law, as to be guilty of offenses for which they had been convicted.

"It is strange that men will not profit from the experience of others who have committed like offenses and been punished. The same life of forgetfulness of God and Christ, the same life of sinful indulgence and un-restrained temper, the same drunken habits and reckless carrying of deadly weapons, continue to fill the dockets of our courts, our jails and prisons.

Oh that men would learn to be wise, that they would know that the way to peace, prosperity, joy and eternal life is not through the brothel, gambling houses and saloons. The true that men who have experienced these difficulties and sorrows may be restored to honorable living and can become reconciled to the God who made and blesses them; but why these sorrowful experiences. Men, think of these things.

Rev C. J. Nugent closed his labors for this conference year, with his church, Sunday evening. Brother Nugent is a christian gentleman, ever ready to do his master's bidding, and Mr. Nugent is a real helper in the great and responsible work to which they have been called. What good they have done the seeds sown and fruits gathered, they will not know till the Lord calls them up higher into His presence, when all things will be fully revealed. We are fond of Brother Nugent and his estimable family because of their exemplary walk, their real worth, and because of Brother Nugent's pronounced view, which he has the courage to proclaim. Such positive characters are of good worth to any community, and their works will be perceptibly felt years after they have gone to their reward. We hope it will be the wisdom of the conference to return Bro. Nugent to this field.

Hood's

The State Convention of Gold Democrats on Aug. 25 in Illinois nominated for Governor Gen. John C. Black. The General declined the great honor thrust upon him by men anxious to save this country. In the letter of declination the General says:

I recognize the disinterested character and lofty aims of your organization; that it seeks to establish the Democracy upon its ancient foundation and amidst its ancient principles, a refuge for its erring brethren in the future and a safeguard of free government. I recognize the unselfish devotion of the men present in your convention to principle and Democracy, but I am further convinced beyond a reasonable doubt that the only effect in the election of my candidacy would be to diminish the chances of one or the other of these gentlemen for election; Tausner, Republican, and Alldredge, Democrat.

Would it not have been wise and patriotic if Mr. Palmer and Mr. Buckner, had, recognizing the uselessness of their candidacy, said, we do not wish to interfere with the election of Mr. McKinley or Mr. Bryan, therefore we decline. Anyhow, that was record of Palmer will lay him on the shelf. Gen. Buckner will, we suppose, get some votes, better as he is.

"Hailed with satisfaction at Republican Headquarters," is an expression of approval concerning a Democratic official in high circles. Why don't the members of the McKinley Aid Society openly declare for McKinley and quit trying to make people think they are Democrats, and outsteering for Democratic principles. If a man wants to change his party and principles, let him change, accept the name, principles and methods of your new love and don't sail under deceptive colors.

The electric light company under the management of George W. Baird, Receiver, is giving excellent service. The fact is, Mr. Baird does not allow the lights to burn every night over the entire town and with each week he adds new consumers. The machinery he has kept in perfect condition. We have now a light equal to that in any city.

The richest trotting race in the world, Kentucky's Futurity, \$25,000, will bring to the post at Lexington on October 6th, next, the pick of the candidates, including: Fred S. Moody, 1:10, 2:11; Bowman, 2:10, 2:11; L. L. Louie, 1:17, 2:10; and others. It promises to be the "corking" race ever trotted by three-year-olds.

The marriage of Mr. Dan Prewitt and Miss Alya Burton will take place at the home of the bride's father, this city, tomorrow afternoon 2 o'clock. This young couple are well known in this community. They will spend their honeymoon at Torrent Ky., that attractive resort, a place suited to romantic love and delight. A moonlight at Torrent is a dream for lovers.

We honor great and true men and delight to respect their views, yet differ how widely they differ from us, but we emphatically will not encourage a man who, by the will of the people, been put in the highest position, and by their own misdeeds brought disgrace both to themselves and their constituents.

W. C. P. Breckinridge will speak here Thursday on the political issues. Mr. Breckinridge has great speaking powers, and that said all has been said. As a financier, a man of morals weighed in the scales, he is a feather weight. Such men going through the country are a credit to any party. What is he, is of his own making. If it was right to turn Mr. Breckinridge down, it is right to stand by the verdict rendered.

Harter's old wheat flour at A. Baum & Sons. Every sack guaranteed.

On last Saturday night, a young man, aged about 22 years, a native of West Virginia, Arthur Duffly name who had been engaged as a farm hand near Thompson station, came to this city, bought a suit of clothes and after looking about for a while, returned to the store got his clothes dressed up and went into a den where wicked and degraded women are permitted to live. Other depraved women entered the den of wickedness, and was kicked down, an altercation occurred and young Duffly is today at death's door. No hopes of recovery. His intestines were out in seven places. He was taken to the office of Dr. R. Q. Drake and W. R. Thompson where these gentlemen, with Dr. U. B. Dueson, operated on him, making him as comfortable as possible.

Duff had a half-brother in Bath county, who is here with him. E. H. Foreman, son of John Foreman, was arrested, charged with having done the cutting. He was brought before Judge Tausner on yesterday. His case was continued until next Monday. He gave bond in the sum of \$2,000 and was released.

The Old Baptist Association.

The Particular Baptist Association held with the Mt. Carmel Church, in Clark county, was largely attended. On Sunday, the last day, an immense crowd gathered and they were treated to three excellent sermons by some of the best preachers in the Association. Quite a number of people from this city were in attendance. Rev. S. H. Durant, of New York, one of the most able divines in the Association preached an instructive sermon at the Baptist Church, this city Sunday night, and Elder W. Lively, of Alabama, filled the pulpit last night.

Rev. J. H. Scott, of Hazel Green, has been called to the pastorate of the Pleasant Hour Colored Baptist Church of this city. He has accepted the call and his labor began on the 7th. Rev. Scott, assisted by Rev. C. H. Johnson, is now conducting a meeting at the Pleasant Hour Church and considerable interest is being taken.

Rev. G. L. Sarber, formerly pastor of the Christian church in this city has gone to Nashville, Tenn., to assume the presidency of the Southern Christian College, a new college for girls. His wife will be matron and his children will teach in the school. His many friends here wish him and his family success in their new work.

On Thursday night, September 17, Elder J. T. Pierrat will begin a protracted meeting at Salt Lick, Bath county. Sunday following being the fourth Sunday in September, he will preach the funeral of the wife of Simpson Blevins at 10:30 a. m., and at 3 o'clock in the afternoon he will preach the funeral of W. M. Hurst's child at White Sulphur.

The first exhibition of the Young Men's Fair and Trotting Association will be held on the grounds of the Bath County Stock and Trotting Association, near Sharpburg, Ky., Wednesday, Thursday and Friday, Sept. 16th, 17th and 18th, 1896.

Over 150 horses with records from 2:04 to 2:15 will start at the great annual trotting meeting at Lexington, which commences October 6th. Five or six years ago there were hardly as many 2:20 performers in the country.

CORRESPONDENCE.

Grassy Lick.

Misses Stella Ogg and Maud Quibben, of Mt. Sterling, were visiting the family of H. K. Greene last week.

Eq. John Evans and Mr. Mason were in Madison county last week and bought 79 head of feeding cattle at \$2 and 24 cents, weight 1,000 lbs.

Rev. A. J. Rose and wife, of Carmel, Ky., are spending a few days with the family of A. Orser. Rev. Rose will attend the State Conference at Somerset this week.

Fred Riddle has completed the best school house in the county for district No. 25 on the farm of Richard Stover at the cost of \$500. Mr. Alton Gay has been employed to teach the school.

The Baptist Association held at Mt. Carmel, Clark county, last week were well represented by their different churches in the State. A good deal of free preaching and much business was transacted, and a large attendance every day.

Lexington will be represented by the free silver advocates to-day from this section. If all preachers in the State were as solid for free silver as Grassy Lick is, Bryan and Sewall would carry the State by the old time majority say \$45,000.

The thunder storm of last Saturday night was rather frightening to some of the citizens of this section. The display of lightning was wonderful. At the residence of J. H. Mason a large locust tree, standing within 15 feet of the house, was struck, tearing the tree to pieces and throwing the shivered pieces of timber on the metal roof. The family thought the house was struck. A large farm bell was hanging in the tree and it escaped unharmed.

Rev. J. J. Johnson on last Sunday preached his last sermon for this conference year at Grassy Lick. He had charge of this and Mt. Zion churches for the past two years. As a pastor and preacher the Kentucky Conference has no better, and his religious teaching is to elevate men, women and children and make them better. With his christian character and his social dealings with those people he has won the hearts of all whom he has come in contact with. By the full indorsement of both of these charges, the people expect the conference to return Dr. Johnson to us, as no other preacher will satisfy them, nor can do the work he has begun.

Shot His Former Wife.

Saturday evening one James Bush, a resident of Clark county, with a reputation anything but enviable, and who, it is said, was a demon with his family, learning that his former wife (she secured a divorce about two years ago) was at her sisters' Mrs. James Lade's in this city, came here and shot Mrs. Lade's house, and when an opportunity presented itself, shot Mrs. Bush through the breast, the ball coming out under the right shoulder blade. Bush then made his escape but as captured at his home on Co-swell near Grassy Lick and is now in jail. Mrs. Bush is seriously hurt, with very slight chances of her recovery.

Hair Restored to Natural Color.

I have used many preparations for restoring hair to natural color, but never had satisfactory results till I used Zulu Vuller; It will restore any hair or beard to its natural color in three weeks. If it does not they return your money, so you take no risks. People who have never tried it can get a sample package which contains enough to restore any one's hair to its natural color, by sending 21 two-cent stamps, to pay postage, etc., to Wilson & Co., New Concord, Ohio. The regular price is \$2.50 per package. If it does not restore your hair to its natural color or make any color of hair darker in three weeks, they will return your stamps. This proposition is so fair that thousands are using it. It is harmless but never fails. Why can't big money be made by selling Zulu Vuller from house to house?

A Musical Prodigy.

Little Charlotte Samuel, five-year-old daughter of Mrs. J. E. Johnson, one day last week took her seat at the piano and attracted the attention of her mother by the musical touch of the instrument.

She listened to a beautiful rendering of the child's own composition. The piece was played through without a discord, and the little tot, astonished with her own talent, repeated it with delight. She has never received any instruction in music.

Miss Mattie Donohue is making quite an improvement to her house on Elm street.

W. C. P. Beckwith will speak at Court House, on Thursday afternoon at 1:30 o'clock.

The extension of Sycamore street from Holt avenue to Winn street was completed yesterday. It is a 50 foot street with 30 feet of metal.

The Journal, an independent paper which has been edited by L. T. Wood, having consolidated with the Gazette, has suspended publication.

M. H. Burgess and wife, of Fleming county, are visiting J. W. Wilson at the Commercial Hotel. Mr. Burgess attended the great gathering at Lexington today.

### Strayed.

From Millersburg, Ky., Friday, the 4th instant, a heavy-set bay mare, about five years old. Will reward for information leading to recovery.  
S-2t J. C. O'NEAL.

Col. John R. Fellows, of New York, and Simon Bolivar Buckner, nominee of the Indianapolis convention for Vice President, will speak at the Court House in this city, on next Monday afternoon. They are zealous advocates of the gold standard.

The 12 months old baby of a couple in Jessamine county weighs 14 pounds. Dr. T. R. Welch pronounced the little fellow in good health, but said it would never gain maturity. The child enjoys being carried in a small lunch basket, which is amply large to accommodate another of its size, although only four inches long.

The latest news regarding the condition of Rev. Everett Gill, pastor of the Baptist church, this city, gives evidence of his rapid recovery. He expects to be able to return here not later than Wednesday week, possibly this week. Every man, woman and child of his acquaintance here will be glad when he can return to his field of labor.

### Another Smart Woman.

My husband is poor but proud and he does not want me to work. As I have nothing to do I get restless, and after reading in your paper Mrs. Russell's experience selling self-heating flatirons I concluded I would try it. I wrote to J. F. Casey & Co., St. Louis, Mo., and they treated me so nicely that I felt very much encouraged. As soon as I got my sample iron I started out, and sold 8 irons the first day clearing \$12. I have not sold less than 8 any day since, and one day sold 17. I now have \$226 clear money, and my husband does not know I have been working at all, but I am afraid he will be mad when I tell him. Have I done right or should I quit work and leave him to struggle alone. AN ANXIOUS WIFE.

You are doing just right. Your husband should be proud of you; go ahead and show the world what an energetic woman can do. That self-heating iron must be a wonderful seller, as we hear of so many that are succeeding selling it.

### Louisville Tobacco Market.

Sales on our market for the week just closed amount to 3663 blads, with receipts for the same period 1568 blads. Sales on our market since January 1, amount to 126,079 blads. Sales of the crop of 1895 on our market to this date amount to 124,041 blads.

Prices for the good to fine burleys and also for the colory grades were sustained fairly well this week. The common non-descript and off colored sorts were irregular and a little easier. The weather has been fine for cutting and housing the crop which will be practically finished this week. The following quotations fairly represent our market for burley tobacco 1896 crop.

Trash. (Dark or damaged tobacco) \$1.00 to \$1.50.  
Common colory trash, \$2.00 to \$3.50.  
Medium to good colory trash, \$3.50 to \$5.00.  
Common lugs, not colory, \$2.00 to \$3.00.  
Common colory lugs, \$4.00 to \$6.00.  
Medium to good colory lugs, \$6.00 to \$8.00.  
Common to medium leaf \$5.00 to \$7.00.  
Medium to good leaf, \$7.00 to \$12.00.  
Good to leaf, \$12 to \$15.  
Select wrappery leaf, \$15 to \$25.00.  
The above quotations are not applicable to green and frosted crops.

GLOVER & DUBRETT.

### Be Gentle and Kind.

For one soul saved by soothing and comforting, ten are saved by sweetness. For one soul saved by fear of hell, ten are saved by thought of the love of God. A gentle voice and a smiling face make a religion beautiful to the miserable and sinful, whereas gloomy looks and a harsh or condescending manner make religion seem to be a thing to be avoided. Do you wish to draw souls to God? Then let your souls reflect his love. Be gentle, sweet, be patient. Practical people may condemn you, but only thus can you imitate Jesus.—Christian Up-look.

### Bryan Speaks at Maysville September 15.

This is your only chance to hear the great orator and Presidential candidate, who bears the distinction of drawing larger audiences than any orator who ever lived.  
The Chesapeake & Ohio Railway will run a special train September 15, reaching Maysville at 3:15 p. m. in time for the barbecue, returning after the speaking. Train passes Mt. Sterling 9:35 and 6:35 a. m.  
Round trip, \$1.00.

The big, hearty, healthy man is a constant irritant to his dyspeptic friend. Constipation is the root of nine-tenths of the sickness of men, and of a large portion of women. It can be cured easily, naturally and quickly. Nature is continually working as hard as she can to throw off impurities, and to force out poisonous refuse matter. When there is an impediment Dr. Pierce's Pleasant Pellets set the wheels to working again without any trouble. They assist nature in a gentle, healthful, efficient way. There is nothing violent about their action, and yet it is just as certain as if it were twice as violent. "You do not become a slave to their use." They are different and better than any other pill for the cure of constipation, headache, and kindred derangements. Almost all druggists understand this, and are conscientious enough to tell you so. The druggist who tries to sell you a substitute is not a safe man from whom to buy medicine. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 "Common Sense Medical Advice," profusely illustrated.

Will Owens who cut a colored man several months ago, has been arrested in Ohio and brought back to this city by Sam D. Everett.

On Saturday night there was quite a rain and wind storm in the neighborhood of James Stockdale's beyond Judy.

Mr. Thomas Collier's new tobacco barn was completely wrecked. He also lost about two thousand sticks of tobacco. Corn, in that neighborhood, was considerably damaged, and land injured by washing rain.

### Sick.

Mr. Henry Orme, of Steptone, who has been severely paralyzed for some weeks, improves but slowly.

Dr. Cox's little daughter, Regina Orme, who has been so severely afflicted from blood poison, caused from sucking a nail in her heel, is much improved.

Mrs. Wm. Reeves, who has had a severe case of flux, is improving.

Mr. Henry Ratliff, of Steptone, candidate for Assessor, has been quite sick with typhoid fever for about two weeks. We hope he will soon be restored to health.

### For Sale!

A pedigreed filly, three years old. Has been driven by a lady for one year. Also a good buggy and harness. Apply at this office.

### Money! Make it Yourself.

I have never seen anything in the papers about the People's Wind Mill; we call it the "People's" because the inventor never patented it, but let everybody use it free. Any farmer can make a mill himself, and all the material complete will not cost over \$10. It is a splendid mill and will pump the deepest wells, and will last longer than any mill I ever had. Any persons can get diagrams and complete directions free, as I did, by sending 18 two-cent stamps to pay postage etc., to E. D. Wilson & Co., Allegheny, Pa. Wilson & Co., sell pumps and when you get your wind mill going, would be glad to sell you a pump if you need it. It is certainly useless to pay \$50 to \$60 for a wind mill, when you can make one for \$10 just as good. I think there could be big money made putting these mills up through the country as everybody would like them.

A READER.

Let the business of everybody else alone, and attend strictly to your own; don't buy what you don't need or feel certain you can create a demand for; use every hour to advantage, and study to make even leisure hours useful. Think twice before foolishly spending a shilling; remember you have another to make for it, and should you spend as fast as you make, you need only hope for a treadmill existence; look after your business largely in the spirit of light-heartedness; buy judiciously, sell fairly and keep a close eye to the profits; look after accounts closely and regularly; if you find an error trace it out and keep stirring slow accounts. Should a stroke of misfortune come upon you, retrench, work harder, but never fly the track. Confront difficulties with undiminished perseverance and they will disappear like fog before sunshine.—Trade Magazine.

### Breach of Promise.

His friends will be glad to hear that James H. Jeffries has at once jumped into a big practice, having yesterday brought suit in the sum of \$5,000 for a breach of promise, the plaintiff being Miss Zelpha Roberts and the defendant, being Hon. S. H. Kesh, Elector for the state at large on the Republican ticket. All parties are of Manchester, Clay County, and Mr. Kesh is a speaker and politician of considerable renown.

The above was copy from the Cumberland Courier of the 10th inst., published at Pineville, Ky. Mr. Kesh is a former citizen of this county, as is also attorney for plaintiff, Mr. Jeffries.

### For Cash.

Beginning with this date I will sell strictly for cash. My reason for adopting this method is briefly this. It requires too much money to do business on any other plan. I thank my friends for their generous patronage and promise by offering inducements in the way of close prices to secure their future trade.

Very Respectfully,  
W. W. RAZD.
